KUNDAN KUMAR

Full Stack Developer Intern | MERN Stack | AI/ML | Open to Internships
+91-6201147976 | kundankumarmth9780@gmail.com | Motihari, Bihar
linkedin.com/in/kundan-kumar-015531309 | github.com/kundan-2005 | LeetCode | Portfolio

Professional Summary

Results-driven Computer Science undergraduate skilled in full-stack development with the MERN stack (MongoDB, Express.js, React.js, Node.js) and machine learning using Python. Proficient in Java, JavaScript, TypeScript, and SQL with a strong foundation in data structures, algorithms, and object-oriented programming (OOP). Experienced in building RESTful APIs with JWT authentication, deploying responsive web applications, and applying Agile/Scrum methodologies. Seeking a Full Stack Developer Internship or SDE Internship to deliver scalable, production-ready software solutions.

Education

Parul University Vadodara, Gujarat, India
Bachelor of Technology (B.Tech) in Computer Science and Engineering (CSE), GPA: 7.82/10.0 August 2023 – March 2027

Technical Skills

Programming Languages: Java, Python, JavaScript (ES6+), TypeScript, C, SQL, HTML5, CSS3
Frameworks & Libraries: React.js, Node.js, Express.js, Spring Boot, Scikit-Learn, Pandas, NumPy, Jest
Databases: MongoDB, MySQL, PostgreSQL, Firebase
Developer Tools: Git, GitHub, Docker, Postman, VS Code, Linux, AWS, REST API
Core Concepts: Data Structures & Algorithms (DSA), OOP, RESTful APIs, JWT Authentication, Agile/Scrum, SDLC, CI/CD, TDD, Microservices, NLP, Semantic Search, System Design

Work Experience

Full Stack Development Intern | *Thiranex* Remote | June 2026 – July 2026

- Contributed to full-stack web application development using React.js, Node.js, Express.js, and MongoDB, delivering scalable and responsive solutions under industry mentorship.
- Designed and integrated RESTful APIs, implemented JWT-based authentication, and performed database operations (CRUD) to support core application functionality.
- Collaborated in Agile/Scrum sprints with Git/GitHub version control across the full SDLC: coding, testing, debugging, and deployment.

Campus Ambassador | *Quilaance* Remote | June 2026 – Present

- Spearheaded campus outreach by promoting programs and events, driving student engagement via social media campaigns and networking.
- Served as liaison between the company and student community, strengthening brand awareness and boosting participation in initiatives.

Projects

AI-Powered Digital Memory Vault *(Spring Boot, React.js, PostgreSQL, JWT, NLP)* Jan 2026

- Built a full-stack AI-powered vault to store and retrieve chats, PDFs, images, and voice notes using semantic search with NLP embeddings and smart tagging for timeline-based retrieval.
- Engineered secure REST APIs with Spring Boot and JWT authentication; developed a React.js dashboard delivering AI-driven memory insights across multiple content types.

Full-Stack E-Commerce Platform *(MongoDB, Express.js, React.js, Node.js, JWT)* Jan – Apr 2025

- Developed a full-stack e-commerce application with JWT-based authentication, dynamic product filtering, cart management, and secure checkout, onboarding **100+ registered users**.
- Implemented real-time order tracking dashboard and optimized state management via React Context API, achieving **25% improvement** in page load performance.

Fake News Detection System *(Python, Scikit-Learn, Pandas, NumPy, NLP)* Sep – Dec 2025

- Built a hybrid ensemble classifier (Logistic Regression + Random Forest + Naive Bayes) achieving **85% accuracy**, processing predictions in under 2 seconds.
- Processed **50,000+** labeled articles across 3 benchmark datasets using tokenization, TF-IDF feature extraction, and NLP preprocessing pipelines.

Certifications

- Internet Protocol – NPTEL, IIT Kharagpur (72.28%) 2025
- Dynamic Programming Camp – AlgoUniversity 2026
- Internal Audit Job Simulation – Goldman Sachs (Forage) 2026
- GenAI Data Analytics Simulation – Tata (Forage) 2026

Achievements

- Secured **AIR 5** among **9,000+ participants** in the **AISET (All India Scholarship Entrance Test)** conducted by AlgoUniversity. 2026
- Consistently solved Data Structures & Algorithms (DSA) problems on LeetCode, strengthening problem-solving and
